National Federation of State High School Associations

## NFHS GUIDELINES ON HANDLING CONTESTS DURING LIGHTNING DISTURBANCES

## National Federation of State High School Associations (NFHS) Sports Medicine Advisory Committee (SMAC)

The purpose of these guidelines is to provide a default policy to those responsible for making decisions concerning the suspension and restarting of contests based on the presence of lightning. The preferred sources from which to request such a policy for your facility would include your state high school association and the nearest office of the National Weather Service.

## **Proactive Planning**

- 1. Assign staff to monitor local weather conditions before and during events.
- 2. Develop an evacuation plan, including identification of appropriate nearby shelters.
- 3. Develop criteria for suspension and resumption of play:
  - a. When thunder is heard, or a cloud-to-ground lightning bolt is seen, the thunderstorm is close enough to strike your location with lightning. Suspend play and take shelter immediately.
  - b. Thirty-minute rule. Once play has been suspended, wait at least 30 minutes after the last thunder is heard or flash of lightning is witnessed prior to resuming play.
  - c. Any subsequent thunder or lightning after the beginning of the 30 minute count, reset the clock and another 30 minute count should begin.
- 4. Hold periodic reviews for appropriate personnel.

For more detailed information, refer to the "Guidelines for Lightning Safety" section contained in the NFHS Sports Medicine Handbook.

## **Reviewed and Approved in October 2010**
