INTERNET INFORMATION

The Nebraska School Activities Association maintains a Website at the following address: <http://www.nsaahome.org/>. The Internet site offers another means of communication between the NSAA Executive Office and member schools, music directors and patrons. There is a sub-page for each of the NSAA's sponsored programs. Each NSAA member school music educator has his or her own personal page. This page can be accessed through the LOGIN link on the Homepage using the educator's NSAA Passcode. The Passcode may be obtained from the school's Activities Director or the NSAA office.

An on-line District Music Contest Entry form is used for all NSAA member schools to submit District Music Contest entries electronically. The NSAA on-line District Music Contest Entry Form is accessed from each music director's personal page. Paper entry forms are not accepted. Instructions for using the NSAA automated entry form are found at the end of Section 7.6, **District Contests**, on page **7** in this manual. You are encouraged to check the NSAA home pages and your music educator's personal page frequently where information for music is included.

NSAA BYLAWS GOVERNING MUSIC

MUSIC ARTICLE 7

7.1 Objective

- 7.1.1. Interscholastic music activities are intended to supplement and enrich the secondary music curriculum. These activities provide goals for the development of musical skill and understanding for both the individual and the participating group. These activities enhance citizenship, teach the individual responsibility, promote loyalty and develop a sense of school pride.

7.2 Eligibility

- 7.2.1 Participation by students in any music contest shall be governed by the eligibility rules which govern all activities, Article 2, NSAA Bylaws, except participation for remuneration does not constitute ineligibility.
- 7.2.2 Certificate of Eligibility. Prior to the first date permitted for interschool competition in each activity, each member school shall submit an on-line list of all students participating and eligible to participate in each activity.

NSAA Eligibility

To be a participant in any NSAA activity at the varsity or non-varsity levels of competition, an individual must be a bona fide student of a member high school. Exempt-school or home-school students, unless enrolled in a minimum of twenty credit hours of schoolwork in the member high school, are not eligible to represent a member school in NSAA activities, regardless of the level of participation or competition.

Submitting NSAA Eligibility

1. The NSAA requires all member schools to complete and submit NSAA eligibility on all students representing schools in non-athletic activities regulated by the NSAA.
2. NSAA music eligibility lists must be completed for all music students on the NSAA website via the school's Activities Director page and submitted prior to February 20.
3. Students who serve as accompanists during the NSAA District Music Contests are exempt from having to have an NSAA eligibility certificate on file with the NSAA.
4. Included in number 1. of this section are Jr. High, Middle School and Elementary age students who may be participating in NSAA District Music Contests. To enter these under high school age students, complete all required information in the NSAA Eligibility section accessed through the Activities Directors personal page and in the Sem (Semesters of Eligibility) window input 0 (the number zero). Participation in NSAA District Music Contest does not count toward NSAA high school eligibility for students younger than high school age.
Example: Enter 0 for Sem, E to designate an eligible student and click the Instrumental and/or Vocal Boxes to indicate the music area(s) with which the younger students are performing. Remember to save your entries when adding students to the Eligibility List.

The 2012 District Music Coordinators meeting will be held on Monday, May 21 at the NSAA offices in Lincoln.

7.6 District Contests

7.6.1

The Board of Directors may schedule and arrange for District Music Contests, but shall not schedule for a State Music Contest.

7.6.2

District Entries. Schools may enter the District Contest nearest them with approval from the director of the contest they wish to enter and from the music committee **from each of the two districts involved.** The deadline for approval shall be December 1 prior to the contest.

7.6.2.1

Date Due. The entries to the District Contest must be submitted online via the NSAA Website by Midnight Central Time, March 20 prior to the contest. No late entries are permitted.

NSAA Approved Ruling for 7.6.2.1

- 1) *Due to the transition to the electronic submittal of District Music Contest entries, no hard copy entry forms will be accepted. All schools must complete and submit their District Music Contest entries electronically no later than midnight Central time, March 20, prior to their contests.*
- 2) *Any school that does not submit the electronic entry by the deadline will be notified by the NSAA and given two school days to submit their electronic form. A \$500 late administrative fee will be paid to the NSAA in addition to regular District Contest fees for the late entry to be allowed within this two-day period.*
- 3) *A school may substitute personnel for existing legal entries up until the scheduled performance of that entry, for example student B may replace student A in a Trumpet solo entry or vocal duet entry or string quartet entry, which will not require making a change to the contest schedule.*
- 4) *Schools may make additions to their contest entries after the entry deadline with permission from their contest site director, providing they do not exceed the legal number of entries for their class. A \$50 administrative fee will be paid by the requesting school to the contest site for each added entry.*

7.6.2.2

Entry Fees. The District Music Committee shall determine the entry fees for District Music Contests. All fees for the District Music Contest shall be submitted according to each district's requirements immediately after the March 20 deadline. An additional charge may be made for schools from outside the district.

NSAA Approved Ruling for 7.6.2.2

Due to the transition to the electronic submittal of District Music Contest entries, payment for contest entry fees must be sent to the contest site address specified on the electronic entry submission acknowledgement immediately after the March 20 deadline, unless payment is required at a different time by the host director or NSAA district involved. Schools will not be allowed to participate at the district music contest until the designated district host receives the required fees.

7.6.2.3

Contest Schedules. The site director(s) for each District Music Contest location shall provide complete contest performance schedules to their participating schools no later than 14 days before the start of their District Music Contest.

NSAA District Music Contest Entry Form Instructions

The NSAA District Music Contest Entry Form must be completed and submitted on the NSAA Website. School music director(s) will complete **ONE** on-line entry form for each school or cooperative sponsorship at www.nsaahome.org.

If you do not know your NSAA website passcode, obtain it from your school Activities Director or contact the NSAA office. On the homepage, hold the mouse over LOGIN in the upper left hand corner and click on AD's/COACHES/COLLEGES. On the school login page select your school and enter your personal passcode. Your personal page will then be displayed. Select, under **Entry Forms:** District Music Contest Entry Form, by clicking on the link. You may then begin completing the form, return to a saved form which has not been submitted as a final entry, or view a form which has been submitted as a school's final entry before the **March 20** deadline.

Once an entry form has been submitted or after the March 20 deadline passes, the entry form cannot be edited or submitted to the NSAA but can only be viewed as a reference document.

IMPORTANT NOTE: In order to use the NSAA on-line District Music Contest Entry Form, a school must first have completed submission of its NSAA music student on-line eligibility lists. See your Activities Director and the Music Manual section located on page 4, Submitting NSAA Eligibility, to ensure this has been completed by February 20.

Once the on-line automated entry form welcome page has been accessed, follow the instructions on each page by selecting and completing the requested information. Be sure to save each page as you complete the entry information. All Vocal/Instrumental Solos and Small Ensemble entries require specific student names be selected from drop down lists tied to NSAA music student eligibility entered beforehand by each school. All accompanists for solos, small and large ensembles must also be included on the form. This assists the contest directors in scheduling entries for the event and avoiding scheduling conflicts. Please cooperate and make complete entries. The largest Vocal and Instrumental Ensemble entries do not require that individual students be selected from the drop down lists.

Music directors may enter or edit their entry information over a period of time until the form is ready for final submission to the NSAA District Music Contest site host director. The form will include displays of the Full Form, a Summary of contest entries, a school's list of Eligible Music Students, and a Payment Summary page for contest sites providing advance contest fee data.

IMPORTANT: When the form is ready to be submitted confirm that the entry is complete and accurate after checking all entries and by clicking the verification box. Then click on the "**Submit Final Entry**" button which appears after verification and **wait until the confirmation screen appears with the date and time of electronic entry form submission and acceptance**. Your Entry submission will be confirmed immediately after submission of the form. Entries must be submitted by **midnight Central Time on March 20**.

District Music Contest Fees must be submitted immediately to the host schools. Any schools reported to the NSAA for not having paid their Contest fees in advance, when required to do so, will not be eligible to participate in District Music Contest.

MUSIC SELECTION-Point of Emphasis

Selecting appropriate repertoire for NSAA District Music Contest is the responsibility of the school music instructor(s) for the performing student(s). Every attempt should be made to select music that is educationally sound through exposure to serious performance literature at a level that challenges the student and encourages educational growth. To this end, district music contest adjudicators will be instructed to consider “choice of music” as a primary part of the OTHER FACTORS ballot caption.

Popular music should be carefully selected primarily for those large ensemble categories which exist because of their evolution from certain quasi-cultural “pop” music styles. Examples of this stylistic match include the show choir, jazz band and jazz choir idioms which developed largely from “extra-educational” or pop music influences. Solo, small ensemble or large ensemble category selections, which mimic these pop culture styles (Broadway show tunes, country, rock, gospel, folk, and other types of “pop” music), should be avoided and considered for other performance opportunities outside district music contest repertoire.

7.7 District Contest Rules

7.7.1 Compliance with Rules. Any entry failing to comply with the rules in this section is subject to a penalty by the District Contest Director and/or Music Committee.

7.7.2 Music Selection.

- a) All large ensemble events will choose their own selections with the recommendation that two contrasting selections be used.
- b) All solo and small ensemble events will choose their own selections with the recommendation that one selection be used.
- c) The 1976 copyright law is very clear on the use of copying music. Some provisions of the law state: Copying shall not substitute for the purchase of books, publishers, reprints, or periodicals.
- d) Copying is permissible for the following uses:
 - (1) emergency copying to replace purchased copies which for any reason are not available for an imminent performance provided purchased replacement copies shall be substituted in due course.
 - (2) for academic purposes other than performance, multiple copies of excerpts of works may be made provided that the excerpts do not compromise a part of the whole which would constitute a performable unit such as a section, movement or aria but in no case more than 10% of the whole work.
- e) Copying is prohibited for the following uses:
 - (1) copying to create or replace or substitute for anthologies, compilations, or collective works.
 - (2) copying for the purpose of performance except as in (d1) above.
 - (3) copying for the purpose of substituting for the purchase of music except as in (d1) and (d2) above.
- (f) Exceptions to prohibited copying include:
 - (1) if a piece of music is out of print, permission may be obtained from the publisher to make copies for performance use.
 - (2) if music (or scores, etc.) has been ordered but not received, a copy of the order may be attached to a copy.
 - (3) **if a pianist has an awkward page turn, pages may be copied as long as the pianist has an original copy at the piano**

NSAA Approved Ruling for 7.7.2

Original sheet music, which is obtained on-line as a downloaded and printed purchase or is in the Public Domain, is authorized for NSAA contest and festival performance. This music must include information printed on the sheet music, receipt, or accompanying document which confirms the identification of the seller, the number of copies purchased or the Public Domain status. Unauthorized photocopying of sheet music obtained on-line is a violation of United States Federal copyright law.

7.7.3 Number of Entries. A school may have a maximum number of entries as determined by class.

7.7.3.1 A school wishing to enter strings (violin, viola, cello, bass viola) will have additional entries determined by class, which must be only string entries as defined in the list of acceptable events.

7.7.3.2 Maximum entries by class:

Class A	36 plus 12 strings	plus two piano solos

7.7.5 Large Ensembles.

7.7.5.1 Large groups shall be bands, orchestras, *mixed choruses, madrigals/chamber choirs, jazz choirs, show choirs, and men’s/women’s choruses and jazz bands. Each NSAA District Music Coordinator will determine the number of Large Ensemble entries allowed in each District Music Contest.

7.7.6.4 Any ensemble not listed above should be entered as a Miscellaneous Ensemble. Each school may enter as many Miscellaneous Ensembles as it wishes, as long as it does not exceed the maximum number of entries for that class.

7.7.6.5 Unlimited small ensemble entries, vocal and instrumental, are allowed, but exact duplication of personnel will result in disqualification from that event.

7.7.7 Unqualified Events.

Any entry that is non-musical in nature (for example, baton twirling) or is primarily comprised of instruments or voice parts not common in standard literature (for example, accordion, harmonica) that would require the opinion of additional judges should not be included in District Music Contests. However, final decision pertaining to such events rests with the District Music Committee or its designate.

7.7.8.1 Vocal Solos:

- (a) Female voice
- (b) Male voice

The term **Mixed Chorus in the Large Ensembles category shall not mean the requirement exists for both genders of students to be included for those schools comprised of a single gender only (non-coed schools).*

7.7.10 Scores.

It is strongly recommended that the measures be numbered for all scores provided to adjudicators. **Performers or their accompanists using illegally copied music will not be allowed to perform.**

- (a) Solo and Small Ensemble Scores. The performer shall provide the judge with an original score for each solo and small ensemble entry. Proof of a second original score must also be presented for the accompanist and for the performer (if the performance is not memorized).
- (b) Large Ensemble Scores. With the exception of show choirs only, the director shall furnish the judges of large ensembles with one original score for each selection for each judge, (three sets of scores for three judges). Show Choir directors assume responsibility for the legality of the musical arrangements performed.

NSAA Approved Ruling for 7.7.10

For all District Music contest performances, judges presented with or observing photocopied sheet music without required permissive documentation shall deem the music as illegally copied and shall not allow the performance to begin, continue, or be critiqued and rated.

Point of Emphasis: U.S. COPYRIGHT LAW & NSAA DISTRICT MUSIC CONTESTS.

For a consistent interpretation of the law, this document serves as a guideline as music directors/students approach contest performances.

If any performance uses photocopied music that does not have documentation authorizing the reproduction as noted in NSAA Approved Ruling for Bylaw 7.7.2, THE PERFORMANCE IS NOT TO BE ALLOWED TO BEGIN, If Begun-THE PERFORMANCE IS TO BE STOPPED IMMEDIATELY, If Completed-NO COMMENTS OR RATING ARE TO BE PROVIDED DUE TO THE USE OF ILLEGALLY COPIED MUSIC.

The adjudicator may be the only person who sees the score provided for them or the music used by the performer(s). Using illegally photocopied music is a Federal Crime and constitutes theft from musicians.

The student/accompanist/adjudicator should be provided with a legally printed, copyrighted, published edition. There is no possible violation if this is done. **HOWEVER**, when this cannot be done, the director has several options. Judges are instructed to accept, **as a legitimate score, any of the following:**

1. A copied score with an attached, signed statement from a music supply house stating that the music is on order and will be delivered and paid for upon its arrival. This order **SHOULD BE** initiated at least 60 days prior to the contest date.
2. A copied score with an attached, signed statement from the publishing company or composer, verifying permission is granted for the duplication/arrangement being used. (The NSAA website has “*Permission to Arrange*” and “*Permission to Perform Out-of-Print Music*” forms available.)
3. Original Composition. This must contain a statement from the composer granting permission to perform and/or duplicate.

4. *Public domain compositions should only be used if proof of public domain is included from a legitimate source. A legitimate source is a tangible copy (original or photocopied from a reliable source) of the work with a copyright date (usually on the first page) old enough to be in the public domain. If you do not do your own research and obtain a legitimate public domain copy of each work you use, you can make errors which could result in your having to pay substantial royalties.

**In the U.S. only- a copyright notice of 1922 or earlier is in the public domain*

**Outside of the U.S.-each individual country’s copyright law determines when you can use the work*

5. Transposition. Transposition of a **vocal solo or ensemble literature** not available in the needed key is permissible provided the student/director supply a copy of the original arrangement from which the transposition was made.
6. Reductions for instrumental ensembles: A director should construct a reduced score for instrumental ensembles for which no conductor's score is available.
7. Accompanists may play from duplicated music in a binder provided they give the adjudicator **TWO** legitimate copies of the score.
8. Keep in mind that **ANY AND ALL** arrangements, other than legitimate scores, must have a "Permission to Arrange" form attached granting approval. Directors **cannot** rewrite parts to accommodate a specific solo or ensemble without granted permission.
9. Numbered Measures: The requirement to number measures of original scores provided to adjudicators has been dropped. This earlier bylaw requirement was not being enforced consistently to justify lowering the rating of the performance. Nevertheless, adjudicators can make more specific comments concerning performances if the precise measure being referenced is easily identified. It is within the right of the judge(s) to ask the performer(s) to number the measures of the score and return to perform when this is accomplished.

IT IS THE SCHOOL MUSIC DIRECTOR'S RESPONSIBILITY TO COMMUNICATE THESE RULES TO STUDENT PERFORMERS AND PLAN AHEAD ACCORDINGLY.

- 7.7.11 **Memorization.** Memorization is not mandatory for any solos, small or large ensembles.
- 7.7.12 **Accompanying and Directing:**
- 7.7.12.1 Any regular piano accompanist or one chosen by the Contest Director may act as official accompanist. An accompanist is required when an arrangement includes piano accompaniment.
- 7.7.12.2 Students or non-students, including directors, may serve as accompanists. The use of the same accompanist for two or more schools should be avoided to prevent scheduling conflicts.
- 7.7.12.3 Tape-recorded accompaniments are permissible.
- 7.7.12.4 Large ensembles and small ensembles with eight or more members may perform with or without a conductor.
- 7.7.12.5 Directors are not allowed to give vocal assistance to their group, or play with their band or orchestra.
- 7.7.13 Ratings.**
- 7.7.13.1 Judges will rate contestants both in solo and ensemble as follows:
- (a) Division I
 - (b) Division II
 - (c) Division III
 - (d) Division IV
 - (e) Division V
 - (f) Plus signs or minus signs will not be used with the ratings. (It will be the Contest Director's responsibility to see that this is understood by the judges before the contest begins).
- 7.7.13.2 Contest directors shall facilitate the return of judges' rating sheets to directors immediately following the close of the contest, but in no case later than seven days following the close of the contest.

7.8 Judges

- 7.8.1 Selection of Judges.** All judges shall be selected and contracted by the Music Committee or its designate from a list of approved adjudicators compiled by the NSAA.
